INDEPENDENT AUDITORS' REPORT
ON FINANCIAL STATEMENTS

Board of Directors
GREEN Charter School of the Midlands
Irmo, South Carolina

Opinion
We have audited the accompanying financial statements of the governmental activities and each major fund of GREEN Charter School of the Midlands (Greenville Renewable Energy Education Network) ("the School"), a component unit of the South Carolina Public Charter School District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the School's financial statements, as listed in the accompanying table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the School at June 30, 2025, and the respective changes in financial position thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GREEN Charter School of the Midlands and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the accompanying table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is supplementary information required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in the appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information
Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The other supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements of GREEN Charter School of the Midlands. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such information is fairly presented in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards
In accordance with Government Auditing Standards, we have also issued our report dated October 6, 2025, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. The purpose of that report is solely to describe the scope of testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering GREEN Charter School of the Midlands's internal control over financial reporting and compliance.

GREEN CHARTER SCHOOL OF THE MIDLANDS
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended June 30, 2025

This discussion and analysis of GREEN Charter School of the Midlands' ("the School") financial performance provides an overview of the School's financial activities for the fiscal year ended June 30, 2025. The intent of this discussion and analysis is to look at the School's financial performance as a whole. Readers should also review the Notes to the Financial Statements and the financial statements themselves to enhance their understanding of the School's financial performance.

FINANCIAL HIGHLIGHTS

Government-Wide Financial Statements
In the Statement of Net Position, the assets of the School exceeded its liabilities at the close of the most recent fiscal year by $49,863 (net deficit). The School has $371,499 in net assets restricted under the terms of a loan agreement. Therefore, the School reported an unrestricted net deficit of $421,362.

The School's net position decreased by $829,477 during the current fiscal year, as compared to an increase of $631,993 in the previous fiscal year.

The School's total capital assets, net of accumulated depreciation, were $4,462,579.

The School owed $6,075,825 on its bond issue made in a previous year and made its scheduled bond payment.

Fund Financial Statements
As of the close of the current fiscal year, the School's Governmental Funds reported a combined ending fund balance of $1,877,169, compared to a fund balance of $2,769,426 in the previous fiscal year.

During the 2025 fiscal year, the School's governmental fund-type revenues were $3,996,900. The School reported governmental fund-type revenues of $3,985,817 in the previous fiscal year.

During the current fiscal year, the School's governmental fund-type expenditures were $4,889,157.

Overall
The 135-day student count decreased by 15, from 264 students in the prior year to 249 students in the current year. The 135-day enrollment count is the basis for most of the state funds that the School receives.

OVERVIEW OF THE FINANCIAL STATEMENTS

Management's Discussion and Analysis serves as an introduction to the School's financial statements. The School's financial statements consist of three components:

- Government-Wide Financial Statements
- Fund Financial Statements
- Notes to the Financial Statements

In addition to the financial statements, this report contains Required Supplementary Information that will enhance the reader's understanding of the financial condition of the School.

OVERVIEW OF THE FINANCIAL STATEMENTS, Continued

Government-Wide Financial Statements

The Government-Wide Financial Statements provide a broad overview of the School's overall financial status, in a manner similar to a private-sector enterprise.

The Statement of Net Position presents information on all of the School's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position is reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, for some items, revenues and expenses are reported in this statement that will only result in cash flows in future fiscal periods.

The Government-Wide Financial Statements distinguish functions of the School that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). However, all activities of the School are governmental activities, which include instruction, supporting services, and debt service.

Fund Financial Statements

The remaining financial statements are Fund Financial Statements which focus on individual parts of the School, reporting the School's operations in more detail than the Government-Wide Statements.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All of the funds of the School are Governmental Funds.

Governmental Funds are used to account for essentially the same functions reported as Governmental Activities in the Government-Wide Financial Statements. However, unlike the Government-Wide Financial Statements, Governmental Funds Financial Statements focus on near-term uses of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of Governmental Funds is narrower than that of the Government-Wide Financial Statements, it is useful to compare the information presented for Governmental Funds with similar information presented for governmental activities in the Government-Wide Financial Statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the Governmental Funds Balance Sheet and the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The School maintains three individual Governmental Funds. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance for the General Fund and the Special Revenue Funds. The Governmental Funds Financial Statements can be found at Exhibits C, D, E, and F of this report.

OVERVIEW OF THE FINANCIAL STATEMENTS, Continued

Notes to the Financial Statements
The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and Fund Financial Statements. The Notes to the Financial Statements can be found following Exhibit F of this report.

Other Information
The School adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided in the required supplementary information section for this fund to demonstrate compliance with its budget.

Major Features of GREEN Charter School of the Midlands
Government-Wide and Fund Financial Statements

	Government-Wide Statements	Fund Financial Statements
		Government Funds Only
Scope	Entire school unit	The activities of the School that are not proprietary or fiduciary
Required financial statements	Statement of Net Position Statement of Activities	Balance Sheet Statement of Revenues, Expenditures, and Changes in Fund Balance
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used and liabilities that come due during the year or soon thereafter; no capital assets included
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods/services have been received and payment is due during the year or soon after

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the School, liabilities were higher than assets by $49,863 at the close of the most recent fiscal year.

The following table provides a summary of the School's net position for 2025 compared to 2024:

Net Position

	Governmental Activities	
	2025	2024
Assets		
Current and other assets	$ 1,911,030	$ 2,983,554
Capital assets	4,462,579	4,438,954
Total assets	6,373,609	7,422,508
Liabilities		
Long-term liabilities	6,389,612	6,428,765
Other liabilities	33,860	214,129
Total liabilities	6,423,472	6,642,894
Net Position (Deficit)		
Net investment in capital assets	-	-
Restricted	371,499	394,495
Unrestricted net position (deficit)	(421,362)	385,119
Total net position (deficit)	$ (49,863)	$ 779,614

During the current fiscal year, net position of the School's governmental activities decreased by $829,477. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – changed from $385,119 at June 30, 2024, to ($421,362) at June 30, 2025.

The following table shows the changes in net position for fiscal year 2025 compared to 2024:

Changes in Net Position

	Governmental Activities	
	2025	2024
Revenues		
Program revenues:		
Operating grants	$ 3,905,500	$ 3,806,556
Charges for services and sales	14,484	57,087
General revenues:		
Other	76,680	121,659
Investment earnings	237	516
Total revenues	3,996,901	3,985,818
Program Expenses		
Instruction	2,231,928	1,727,317
Support services	2,360,547	1,370,664
Interest	233,903	255,844
Total expenses	4,826,378	3,353,825
Increase (decrease) in net position	$ (829,477)	$ 631,993

Governmental Activities:

FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

Governmental Funds
For the year ended June 30, 2025, the School's Governmental Funds reported combined fund balances of $1,877,169 as compared to $2,769,426 for the prior year. This decrease of $892,257 was partially driven by significant investments the School made in its teachers and staff to ensure a quality educational experience.

The Special Revenue Funds consist of various federal, state, and local funds and the Education Improvement Act funds. These funds were spent appropriately as mandated by the legislation that allowed for their distribution.

General Fund Budgetary Highlights
The School's budget is prepared according to South Carolina Law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2025, the School had $4,462,579 net investment in capital assets. The year-end total of capital assets was $5,223,755, with a total accumulated depreciation of $761,176. The depreciation expense taken during the year was $119,284, and there were capital asset additions of $142,909.

The following table shows fiscal 2025 balances compared to 2024:

Capital Assets
(Net of Depreciation)

	Governmental Activities	
	2025	2024
Land	$ 1,911,971	$ 1,911,971
Building	2,204,154	2,274,664
Furniture, fixtures, and equipment	220,081	122,498
Land improvements	13,656	16,243
Building improvements	112,717	113,578
Totals	$ 4,462,579	$ 4,438,954

Long-term Debt

At fiscal year-end, the School had $6,389,612 in long-term debt balances versus $6,428,765 in the prior year. The School owed $6,075,825 on its bond issue and had $313,787 in unamortized bond premiums.

Economic Factors

The following key economic indicators reflect the operations of the School:

- The School continues to see community support as evidenced by volunteerism, local organizations donating classroom and office supplies, private donations, and support through fundraising.
- The School has a returning staff of professionals that are committed to the School.
- The School will continue to seek both federal and private grant funds to supplement its Education Finance Act ("EFA") funding.

Contacting the School's Financial Management

This financial report is designed to provide interested parties with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the School's business office located at 7820 Broad River Road, Irmo, South Carolina 29063.

GREEN CHARTER SCHOOL OF THE MIDLANDS
IRMO, SOUTH CAROLINA
Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2025

Total net changes in fund balance - Governmental Funds	$	(892,257)
Amounts reported for governmental activities in the Statement of Activities are different because of the following:		
Capital outlays are reported in Governmental Funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay ($142,911), less disposals, exceeds depreciation ($119,283) in the period.		23,628
Repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		29,031
Bond premium amortization is not an expenditure in the Governmental Funds, but the amortization reduces long-term liabilities in the Statement of Net Position.		10,121
Change in net position of governmental activities	$	(829,477)

The notes to the financial statements are an integral part of this statement.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the GREEN Charter School of the Midlands ("the School") conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

GREEN Charter School of the Midlands was created in 2016 through a charter granted by the South Carolina Public Charter School District ("the District"). The School began operations in 2017.

The School's mission is to establish improved science and sustainability learning opportunities that stimulate scientifically literate individuals, workforce, and leadership through world class and challenging science teaching standards. The School will instill in its students the desire to continually expand their intellects and use the content knowledge and skills they have acquired to participate in and responsibly shape the quality and direction of a complex world with ever increasing energy and sustainability demands.

A charter school is an independent public school, governed by an independent Board of Directors ("the Board"). To encourage innovation, charter schools operate free from a number of state laws and regulations. An initial charter is granted for a five-year period, renewable every five to ten years thereafter. Charter schools are funded similarly to other public schools in that state and local funds are allocated for each enrolled student. Charter schools may charge for selected additional costs consistent with those permitted by school districts. Because charter schools receive local, state, and federal funds, they may not charge tuition.

The School is considered a component unit of the South Carolina Public Charter School District. A component unit, although a legally separate entity, is, in substance, part of the South Carolina Public Charter School District's operations. The School has no component units for which it is considered to be financially accountable.

Sister schools named GREEN Charter School ("GREEN"), GREEN Charter School of Spartanburg ("Spartanburg"), GREEN Charter School of the Lowcountry ("Lowcountry"), GREEN Upstate High School ("Upstate") and GREEN Charter School of Simpsonville ("Simpsonville") opened to students in fiscal year 2013, 2020, 2021, 2022, and 2025, respectively. Although the District considers these schools as separate entities, a single Board presides over all six schools, and they operate under a single Federal Employer Identification Number ("FEIN").

B. Government-Wide and Fund Financial Statements

The Government-Wide Financial Statements include the Statement of Net Position and the Statement of Activities which report information on all of the activities of the School. The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers who purchase, use or directly benefit from services or privileges provided by a given function, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements report detailed information about the School. The focus of Governmental Financial Statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds, if any, are aggregated and presented in a single column.

The accounts of the government are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Government-Wide Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Funds Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due. All other revenue items are considered to be measurable and available only when cash is received by the School.

The School reports the following major Governmental Funds:

- The General Fund is the School's primary operating fund. It accounts for all financial resources of the School, except those required to be accounted for in another fund.

- The Special Revenue Fund accounts for specific revenue sources (other than expendable trusts) that are legally restricted to expenditures for specified purposes. Money in this fund is expended according to the provisions of general statutes applicable to charter schools.

The School did not have any non-major funds as of June 30, 2025.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Position or Fund Balance

1) Deposits and Investments

The School's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The School has not formally adopted a deposit and investment policy.

2) Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both Government-Wide and Fund Financial Statements.

3) Receivables and Payables

During the course of operations, numerous transactions occur between the School, vendors and revenue sources for goods provided or services rendered. Amounts due from individuals, organizations or other governmental units are recorded as receivables at year-end. All receivables are considered fully collectible; therefore, no allowance has been made for doubtful accounts. Amounts due to individuals, vendors or other governmental units are recorded as payables at year-end.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

D. Assets, Liabilities, and Net Position or Fund Balance, Continued

4) Capital Assets

Capital assets include equipment, furniture, technology, vehicles, and leasehold improvements. Capital assets are defined by the School as assets with an initial, individual cost of more than $5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Building	39
Furniture, fixtures, and equipment	3 - 5
Leasehold improvements	Life of Lease

5) Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are also recorded as unearned revenue.

6) Long-term Obligations

In the Government-Wide Financial Statements, long-term debt and long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Assets. In the Fund Financial Statements, governmental fund-types recognize principal and interest payments as expenditures of the current period and report the face amount of debt issued as other financing sources.

7) Fund Equity

In the Fund Financial Statements, fund balance classifications depict the nature of the net resources reported in the Governmental Funds. Individual governmental funds may include nonspendable resources and amounts that are restricted, committed, or assigned, or any combination of these classifications. The General Fund also includes unassigned amounts. The School considers that committed amounts are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used. The School's policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries. First, nonspendable fund balances are determined. Then restricted fund balances for specific purposes, if any, are determined. Then any remaining fund balance amounts for the non-general funds are determined. Committed fund balance amounts are established by the School's Board through motions passed at the School's Board meetings. Assigned fund balance amounts are established by the School's administration. The School has no assigned fund balance amounts.

Nonspendable Fund Balance - includes amounts which cannot be spent. This includes items that may not be in spendable form or that may be legally or contractually required to be maintained intact. The School's nonspendable fund balance represents amounts not in spendable form.

Restricted Fund Balance - includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation. The School has $371,499 in fund balances restricted under the terms of its bond agreements.

Committed Fund Balance - includes amounts that can only be used for the specific purposes pursuant to constraints imposed by a formal action of the School's Board.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

D. Assets, Liabilities, and Net Position or Fund Balance, Continued

7) Fund Equity, continued

Assigned Fund Balance - includes amounts that are constrained by the School's intent to be used for a specific purpose but are neither restricted nor committed. Assignments of fund balance are established by the School's administration.

Unassigned Fund Balance - is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it may be necessary to report a negative unassigned fund balance.

8) Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Outstanding debt, which has not been spent, is included in the same net position component as the unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

9) Fair Value

The fair value measurement and disclosure framework provides for a three-tier fair value hierarchy that gives highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the School can access at the measurement date.

Level 2 – Inputs to the valuation methodology, other than quoted prices included in Level 1 that are observable for an asset or liability either directly or indirectly and include:

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted market prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology that are unobservable for an asset or liability and include:

- Fair value is often based on developed models in which there are few, if any, observable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

D. Assets, Liabilities, and Net Position or Fund Balance, Continued

9) Fair Value, continued

The valuation methodologies described above may produce a fair value calculation that may not be indicative of future net realizable values or reflective of future fair values. The School believes that the valuation methods used are appropriate and consistent with GAAP. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no significant changes from the prior year in the methodologies used to measure fair value.

10) Use of Estimates

The preparation of the financial statements in conformity with GAAP as applicable to governmental units requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue, expenditures, or expenses during the reporting period. Actual results could differ from those estimates.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets for all Governmental Funds are adopted on the modified accrual basis for accounting, which is consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at fiscal year-end and the School does not employ encumbrance accounting.

Each budget is prepared by function and object as dictated by the State of South Carolina adopted Program Oriented Budgeting and Accounting System and for management control purposes. The School's policies allow funds to be transferred between functions. However, the total budget cannot be increased beyond that level without the approval of the School's Board. The legal level of control is at the fund level. During the year, the School revised the budget. The administration has discretionary authority to make transfers between appropriation accounts.

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

The School's cash investment objectives are preservation of capital, liquidity, and yield. The School is authorized to invest in securities as allowed by South Carolina statute. Those investments are restricted to:

1) Obligations of the United States and agencies thereof;
2) General obligations of the State of South Carolina or any of its political units;
3) Banks and savings and loan associations to the extent that the same are secured by the Savings Association Insurance Fund of the Federal Deposit Insurance Corporation ("FDIC");
4) Deposits in certificates of deposit where the certificates are collaterally secured by securities of the type described in (1) and (2) above held by a third party as escrow agent or custodian, of a market value not less than the amount of the certificates of deposit so secured, including interest;
5) The State Treasurer's Local Government Investment Pool (monitored by the State Treasurer for investments invested in government guaranteed securities in accordance with South Carolina State laws); and
6) Repurchase agreements.

III. DETAILED NOTES ON ALL FUNDS, Continued

A. Deposits and Investments, Continued

Custodial credit risk – Custodial credit risk is the risk that the School's deposits will not be returned to it. The School has no formal policy regarding custodial credit risk. The total cash balances are insured by the FDIC up to $250,000 per bank. At June 30, 2025, the School's carrying amount of deposits was $859,033, all of which is covered by the FDIC or collateralized.

Restrictions - Cash equivalent balances of $342,759 at June 30, 2025, are restricted under the terms of a loan agreement for the payment of debt service on such loan. Cash equivalent balances of $8,740 at June 30, 2025, are restricted for authorized property repair and replacement costs. Cash equivalent balances of $20,000 at June 30, 2025, are restricted for other specified uses related to the loan.

Credit risk - South Carolina state statutes only authorize the School to invest in certain types of investments. The School has no investment policy that would further restrict its choices.

Interest rate risk – The School does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of credit risk - Concentration of credit risk is the risk of loss attributed to the magnitude of the School's investment in a single issuer. The School does not have a policy that limits the amount that may be invested in any one issuer.

The School's investments at June 30, 2025 consist of State Treasurer's Local Government Investment Pool ("LGIP") accounts with a total carrying value and fair market value of $146,328 at June 30, 2025. The local government investment pool is a 2a7-like pool which is not registered with the Securities and Exchange Commission as an investment company but has a policy that it will operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. The South Carolina Treasurer oversees the pool. In accordance with GASB Statement No. 31 *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, investments are carried at fair value determined annually based upon quoted market prices. The fair value of the position in the pool is the same as the value of the pool shares. Financial statements for the LGIP may be obtained by writing the Office of State Treasurer, Local Government Investment Pool, P.O. Box 11778, Columbia, SC 29211-1960.

B. Due From/Due To Other Funds

Interfund balances at June 30, 2025, consist of the following individual fund receivables and payables:

Fund	Receivable	Payable
Governmental Funds:		
General Fund	$ 102,606	$ -
Special Projects Fund	-	102,606
	$ 102,606	$ 102,606

The General Fund receivable is the result of the Special Revenue Fund owing the General Fund for claims not yet received.

During the course of normal operations, the School has transfers between funds to provide services. These transactions are generally reflected as transfers. The School had no transfers during the current fiscal year.

III. DETAILED NOTES ON ALL FUNDS, Continued

C. Capital Assets

Capital asset activity for the year ended June 30, 2025, was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Capital assets not being depreciated:				
Land	$ 1,911,971	$ -	$ -	$ 1,911,971
Total assets not being depreciated	1,911,971	-0-	-0-	1,911,971
Capital assets being depreciated:				
Building	2,749,871	-	-	2,749,871
Furniture, fixtures and equipment	260,199	136,274	-	396,473
Land improvements	28,695	-	-	28,695
Building improvements	130,110	6,635	-	136,745
Total assets being depreciated	3,168,875	142,909	-0-	3,311,784
Total capital assets	5,080,846	142,909	-0-	5,223,755
Less accumulated depreciation for:				
Buildings and facilities	475,207	70,511	-	545,718
Furniture, fixtures and equipment	137,702	38,690	-	176,392
Land improvements	12,451	2,587	-	15,038
Building improvements	16,532	7,496	-	24,028
Total accumulated depreciation	641,892	119,284	-0-	761,176
Capital assets being depreciated, net	2,526,983	23,625	-0-	2,550,608
Governmental activities capital assets,	$ 4,438,954	$ 23,625	$ -0-	$ 4,462,579

Depreciation expenses of $76,341 and $42,942 are charged to instruction and support services, respectively.

D. Long-Term Debt

On August 26, 2020, the School, along with GREEN and Lowcountry, entered into an agreement whereby the entities borrowed $18,317,500 under two bond issues with the South Carolina Jobs-Economic Development Authority to refinance existing loan agreements and finance the acquisition, renovation, and furnishing of school facilities for Lowcountry. The Authority issued Revenue Bonds, Series 2020A and 2020B in connection with this loan agreement. These tax-exempt bonds paid interest monthly at 3.90% and were subject to mandatory redemption through September 2040. The repayment provisions of the loan agreement were identical to the bond requirements. The School's portion of the total bond issues was $5,489,500.

III. DETAILED NOTES ON ALL FUNDS, Continued

D. Long-Term Debt, Continued

On August 12, 2021, the School, along with GREEN, Lowcountry, and Upstate, entered into an agreement whereby the entities borrowed $50,255,000 under two bonds issued by the South Carolina Jobs-Economic Development Authority to refinance the Series 2020A and 2020B bonds, finance the acquisition, renovation, and furnishing of school facilities for Upstate, and the acquisition of the existing lower-school campus for the School. The Authority issued Revenue Bonds, Series 2021A and 2021B in connection with this loan agreement. These tax-exempt bonds pay interest monthly at rates from 2.65% to 3.22% and are subject to mandatory redemption through September 2051. The bond transaction included a premium of $2,916,385. The repayment provisions of the loan agreement are identical to the bond requirements. The School's original portion of the total bond issues and bond premium were $6,104,856 and $354,275, respectively. The School's Series 2020A and Series 2020B bonds payable were fully repaid with proceeds from this borrowing. The School owed $6,075,825 on the bonds as of June 30, 2025.

Covenants contained in the loan agreement limit the School's ability to incur additional debt or grant security interests in its assets; require periodic financial reporting; and require the School to maintain minimum levels of coverage of fixed charges, as defined, and to maintain a balance sheet leverage ratio no more than specified limits. Other customary covenants, representations, conditions, and default provisions for such a loan agreement are present. For the year ended June 30, 2025, management believes the School is in compliance with the covenants.

The School paid $244,025 in interest expense for the year ended June 30, 2025.

The following is a summary of changes in long-term obligations for the year ended June 30, 2025:

	June 30, 2024	Additions	Reductions	June 30, 2025
Bonds payable:				
Series 2021 Bonds payable	$ 6,104,856	$ -	$ (29,031)	$ 6,075,825
Bonds payable	$ 6,104,856	$ -0-	$ (29,031)	6,075,825
Premium on bonds issued, net of accumulated amortization				313,787
Total long-term obligations at end of year				$ 6,389,612

The annual requirements to amortize all debt outstanding as of June 30, 2025, are as follows:

Year Ending June 30	Note Principal	Interest	Total
2026	$ 102,649	$ 242,396	$ 345,045
2027	106,293	238,752	345,045
2028	110,545	234,500	345,045
2029	115,404	229,641	345,045
2030	120,263	224,782	345,045
2031 - 2035	648,690	1,077,482	1,726,172
2036 - 2040	788,997	936,957	1,725,954
2041 - 2045	960,280	765,916	1,726,196
2046 - 2050	1,167,400	557,971	1,725,371
2051 - 2055	1,420,680	305,030	1,725,710
2056 - 2060	534,624	39,296	573,920
	$ 6,075,825	$ 4,852,723	$ 10,928,548

IV. OTHER INFORMATION

A. Risk Management

The School is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School maintains a $1,000,000 per occurrence general liability policy and a $2,000,000 per occurrence errors and omissions policy with a commercial carrier.

The School carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and claims have not exceeded coverage in any of the past two fiscal years.

B. Commitments and Contingencies

The School participates in a number of federal and state assisted programs. These programs are subject to program compliance audits by the grantors or their representatives. The amount of program expenditures that may be disallowed by the granting agencies cannot be determined at this time. Based on prior experience, the School's management believes such disallowances, if any, would be immaterial.

The School may be party to various legal proceedings incidental to its operation. Certain claims, suits and complaints arising in the ordinary course of business may be filed or are pending. In the opinion of management, all such matters are adequately covered by insurance or, if not so covered, are without merit or involve such amounts as would not have a significant effect on the financial position of the School if disposed of unfavorably.

C. Related Parties

GREEN pays certain expenses of the School, primarily related to employee benefits, and is reimbursed by the School for these expenditures. The School may also make advances to GREEN and sister schools in the normal course of business. As of June 30, 2025, the School was owed $796,056; $24,388; and $100,000 by GREEN. Lowcountry and Simpsonville, respectively, and that amount is included as Due from Related Organizations in the Statement of Net Assets.

D. Employee Retirement Plan

The School maintains a 403(b) Plan (“the Plan”) with National Benefit Services. Employees contribute through payroll deductions to the Plan, and the School matches a percentage of the employee’s contributions. These provisions were established by the Board. The School contributed $107,761 to the Plan for the year ended June 30, 2025.

E. Subsequent Events

In preparing these financial statements, the School has evaluated events and transactions for potential recognition or disclosure through October 6, 2025, the date the financial statements were available to be issued. There were no such events requiring recording or disclosure for the year ended June 30, 2025.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON OTHER MATTERS AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
GREEN Charter School of the Midlands
Irmo, South Carolina

We have audited the financial statements of GREEN Charter School of the Midlands ("the School") as of and for the year ended June 30, 2025, and have issued our report thereon dated October 6, 2025. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Report on Compliance and Other Matters

As part of obtaining assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of internal control over financial reporting.

A deficiency in control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the GREEN Charter School of the Midlands's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
